Iggy (Carrick Diamond Lad x clover Hill

£ 12,500

Description

Iggy oozes talent and quality, she is a very well put together mare by Carrick diamond Lad (King of Diamonds) out of a Clover Hill mare. She is traditionally Irish bred with sought after breeding. Iggy is a saint on the ground, she is not marish, she loves fuss and attention. She's good to shoe, clip, box etc. Good to hack alone and in company. She is currently schooling at prelim level, and has a very willing and trainable attitude towards her work. Iggy has competed in a handful of training shows, gaining 68% in her first dressage test at prelim level, she is jumping around course's of 90cm with ease, and is not phased by fillers planks etc. Iggy has also done a small amount of cross country training, and would be an ideal candidate for the upcoming 2022 eventing season. Iggy is not sharp or spooky, and is ready now to be produced further for affiliated competition. No vices.
