## Polo (Cormint x Ulysses)

£ 16,500

## Description

Polo is a very sweet genuine little horse with the heart of a lion! He is by Cormint x Ulysses m2s x Touchdown, so is a very well related! He was broken in over the winter (Oct 2021) and has been brought on slowly with his future in mind, he has a naturally balanced and uphill canter and works in a correct outline. Currently riding well, schooling nicely on the flat and showing real promise over a course of fences, his jump has a good technique with scope and plenty of courage. He has been out to some arena hires and is easy to do, jumps fillers etc without compromise. He is ready now to produce further and will be an ideal candidate for ages classes, equally he is sane enough for a competent teenager to produce. Hacks alone and in company. Good to shoe, box, clip etc. Has a full set of clean x rays. No Vices
