Vincent 3* Intermediate Eventer

£ 22,500

Description

This is by far one of the hardest adverts we have ever had to write. Up for sale now is the making of Verdi's Sport Horses, Vincent. Vincent has taken our, now professional, rider from BE90 to 3* and is now looking for a new home to help someone jump up the levels, this horse holds a very special place in our heart so all homes will be vetted! and for that reason his home is obviously more important than his price. Vincent is extremely well related with brothers, sisters and cousins all jumping at the highest of levels, by Capitalist out of a VDL Arkansas mare. Vincent has jumped around a fair few BE intermediate courses, he is regularly placed, he has also jumped up to 1m30 BS and has completed medium dressage tests with respectful scores. There is absolutely nothing this horse will not jump! He is a machine cross country that only requires a sat nav! He is a saint on the ground at home and away, loves fuss and attention and will do pretty much anything for a polo! Good to hack, alone and in company. My 3yr old son could clip him and load him on to the lorry. No Vices open to vet. Genuine reason for sale through absolutely no fault of his own, we would now like to concentrate on the young horses coming through.

Additional Category: Eventers

Horse's name: It's a capitalist

Age: 12 yrs 8 mths

Height: 16.2 hands

Breed: Ish
