## 16hh Eyecatching mare by Cassino

£ 9,750

---

### Description

Flick is currently for sale through no fault of her own. She is based here on livery and is being advertised on behalf of her owner. Flick is very well bred by Cassino out of a traditional Irish sports horse mare by Malmsey. Flick is a sought after type that is a quiet and safe ride without being boring. She works in a nice outline and produces a nice test, currently being ridden at prelim/novice level dressage, with a good trainable attitude that could easily go up the levels in the right hands. Flicks breeding really comes out in her movement and her jump, she's happily jumping courses of 90/1m and would easily jump bigger tracks. She is careful and enjoys her job. not phased by fillers, planks etc, and will very rarely touch a pole. She has hunted, and would be an ideal horse for someone that just wants to go out and have fun, she would also be the perfect mother/ daughter share. Hacks alone and in company and is good in traffic. Perfect to shoe, box, load, clip, catch etc. The best of homes is paramount! open to vet. no vices Flick does have Sarcoids, this is reflected in the price.
