## Rockhouse Little Tira

£ 5,500

---

### Description

Tia is a super talented pony that is currently looking for her new perfect partner in crime. Although her breeding is not recorded she is believed to be a connemara pony. She is a well proportioned pony with good confirmation and nice paces. Tia is not a first pony, she is for a competitive jockey as she is forward going. On the flat she is a push button ride, with fantastic transitions and rhythmic paces. she has competed on numerous unaffiliated dressage shows with great comments from the judges and good scores. Tia has also competed in a variety of pony club events and represented her previous jockey well within Coombelands pony club. She has done plenty of cross country and one day events, successfully competed at the hickstead sunshine tour champs at 85cm and has done a couple of BS shows. She has a very good technique over a fence, and is very careful. She is also quick against the clock so she is always in the ribbons. Tia is good to catch, load, shoe. can be a fidget to clip and with dentist. Tia hacks well on her own and with company but has taken a disliking to farm traffic, which is the reason why she is being sold. Her ideal home is one that has no farm machinery or one that is willing to work with her nerves to overcome this issue. £8000
