**Millfield's Quentin (Quin)**

**£ 10,500**

### Description

Quin is a beautiful looking horse, with an elegant way of going and a superb temperament. Quin is exceptionally well bred by Quidam's Rubin, who has Quidam de Revel and Landgraf within his lineage. Quidam's Rubin's progeny consists of predominantly international show jumpers and eventers. Quin's dam sire is Carentino, a popular horse that has a progeny of top level competition horses. Quin is therefore a very well related horse with a very bright future ahead of him. Quin is a well schooled horse, who is snaffle mouthed, works in a correct soft outline, with 3 beautiful paces and basic lateral work. He has competed at numerous unaffiliated dressage shows with much success, Judges love him. Quin has also done some unaffiliated showjumping and training shows. He rides in a good rhythm and gives you a good feel over a fence. Quin is low mileage jumping and therefore needs a competent rider to continue his education. Quin absolutely loves his hacking and will happily hack alone and in company and has seen farm traffic. Quin is good to do in all ways, clip, shoe, catch, load etc. Not suitable for a novice as Quin can be spooky. Tack available £10,500

**Additional Category:** Riding Club
