Description

Hansel is one of those horses you just don't come across very often! A sought after type that absolutely loves his job and is always willing to please. He is believed to be a connemara x Irish Sports horse, he has an Irish passport with no breeding recorded. Hansel is for sale on behalf of a client through no fault of his own, this is a sad sale so the best home for him is paramount. In his previous home he was out competing regularly and was a proud member of the Belvoir pony club. He had many placings showjumping unaffiliated at 90/100cm and was double clear at the Pony Club spring festival finals 2024. He has also been out hunting on numerous occasions and is a very brave jumper. On the flat Hansel has 3 rhythmical paces, responds well to the aids and is snaffle mouthed. He produces a very pleasant test and would do well eventing. Jumping Hansel is very honest to a fence, he'll jump off any stride and will help you out if you can't see a stride. He is not phased by fillers or water trays, he always has his ears pricked ready for the next fence. Out cross country he covers the ground well and stays straight to a fence, He is brave and forward without being strong. Hansel is good to hack, he is better in company and has seen village and farm traffic. He is good to do on the ground, good to shoe, clip, load, catch etc. Good to do at a show. Hansel would ideally suit a competent teen, small adult to go and have some fun on. He can, although very rarely, have a little buck when he hasn't been jumped in a while, he is therefore not a novice ride. For more pictures and videos visit www.verdishorse.com
