### Description

Micky is by far one of the most kindest natured horses we have had the pleasure of owning, he is by Arkan an up and coming jumping stallion (Arco III x Kannan) He is well related, with relations jumping internationally eventing and showjumping. Micky is an exceptional jumping horse who certainly has the courage and ability to be very successful. He has 3 very pleasant paces, and has competed at unaffiliated novice level dressage, he always gets lovely comments from the judges, and is easy to do at a show. Micky started eventing at BE90 in 2021, his dressage is always below 30, jumps with plenty of scope showjumping and was proving to be very brave and talented cross country, he came 3rd at his second BE event finishing on his dressage score, however his record throughout that season does not paint the best picture of him due to some genuine bad luck. 2022 saw Mickey in a new home with a lovely family, where he did some Riding club activities and pleasure rides etc, after 12 months he came back to us to be sold through no fault of his own, he just grew a bit too big! Mickey hacks alone and in company, and is good in traffic. He is an absolute saint on the ground, really loving and loves fuss and attention. He is good to load, clip, catch, shoe etc. No Novices. No vices. 5\* home paramount for this fabulous giant Labrador! £9,000 ono tack negotiable.
