Description

Bean is a real smart model of a horse, with 3 fantastic and correct paces. By world class stallion Obos Quality and Dam sire by the famous Cavalier Royale. His breeding screams talent, and talented is certainly what he is. He has a naturally balanced jump, and has jumped double clear up to 120cm SJl in Ireland. Bean jumps these tracks with a lot of ease, and would most definitely go up the levels. He is not phased by fillers, water trays etc, he is very brave and careful over a fence. He works nicely on the flat, and has some basic lateral work established. He has been schooling cross country and jumps all ditches, steps, water etc, covers the ground well and would easily go up the levels eventing. Currently jumping around discovery and newcomers in the UK, looking to go on. Bean is good to hack alone and in company and has seen village and farm traffic, he has also started autumn hunting, he is sensible and good with hounds. He has perfect ground manners, he is good to shoe, box, clip, trim etc. No vices. Good confirmation, well put together. Would be an asset to any competition/hunt yard.

Additional Category: Show Jumpers

Horse's name: Lincourt espresso

Age: 7 yrs

Height: 16.2 hands

Breed: ISH
